

Hear ye, hear ye all Ladies and Gentlemen of the Realm!

We the people who reside in the kingdom of The Independent School are here to announce a royal proclamation on behalf of the Kansas Association of Independent and Religious Schools, KAIRS. We gather together, with great professional deference to witness and joyfully pronounce that this exemplary, devoted teacher who unselfishly without the thought of personal gain, shares his amazing talents and skills that go hand in hand with his extraordinary wisdom which brightly shines upon his eager to learn band of merry fledglings.

This educator emulates a true king to be known by all throughout the land who have been, will be and presently are inspired by his optimistic personality, insightful words, and altruistic deeds. May his leadership and extraordinary abilities be herald across our kingdom and beyond!

It is with a passionate heart and overwhelming exaltation we mark this day to reward the deserving and incredible AP US History and AP Government Teacher, National Honor Society Sponsor, Debate and Mock Trial Coach, Mr. John Steere for the distinguished 2019 KAIRS Independent School Teacher of the Year Award!
